

One Plank.
Infinite Impact.

The New Language of Exteriors

Versa Plank transforms ordinary space into extraordinary experiences. Engineered for strength, style, and zero maintenance, it adapts effortlessly to gates, cladding, louvers, partitions, soffits, ceilings, railings and more.

Durable, weather-resistant, and endlessly versatile, it outperforms wood, metal, and conventional boards, giving you the freedom to design boldly and build for life.

The Versa Advantage

Natural Wood
Looks

Anti
Fading

Weather
Proof

Water
Proof

Low
Maintenance*

No
Painting

Anti
Corrosive

Impact
Resistant

Extra Long
Life

Fire
Retardant

Environment
Friendly

Multiple Applications
Flexibility

One Plank Two Surfaces

Everwood Versa Premium Quality Exterior Planks have 2 surface finishes on the same plank presenting the true characteristics of finished wood on one side and a machine - finished groove surface on the other. With this feature, Versa offers flexibility in designing for multiple exterior applications.

*Colours of the actual product may vary from those represented here. *Ensure same batch material for shade similarity.

#From Painting and Coating *Against Fading & Cracking
